

IN THE CIRCUIT COURT OF THE STATE OF OREGON
FOR THE COUNTY OF MULTNOMAH

ERIKA KATRIN MEYER,
Plaintiff,

vs.

CITY OF PORTLAND
Defendant

Case No.: 23CV20288

SUBPOENA DUCES TECUM

Federal Bureau of Investigation
9109 NE Cascades Parkway
Portland, OR 97220

Please provide originals or true copies of the following documents before August 17, 2023:

1. What, if any, are the mandatory duties of the FBI in the State of Oregon? Please provide references to, and/or the text of any relevant statutes or documents.
2. Please explain or provide documentation explaining why the FBI and police have refused to follow up on my evidence-based complaints of wireless biomedical weapons attacks to myself or my pets. Note that these attacks appear to be linked to drone activity (see item number 7) and that it seems unlikely that such aircraft could operate without direct involvement and oversight by the federal government.
3. Please provide any documents regarding phone calls, letters, tip form submissions, or in-person crime reports I have made or attempted to make with the FBI including internal communications, communications to and from police, communications to and from medical doctors, communications to and from City of Portland employees, state legislators, congressmen, or other political leaders, and communications to and from community informants and my own family members.

4. Please provide documents of any internal or external communications related to my attempts to report surveillance to Officer Zachary DeLong on January 20, 2014, including any documentation regarding that incident which took place in the months leading up to, and the months after the January 20, 2014 attempted mental health hold occurred.
5. Please provide the full name of the intake officer with whom I spoke at the Portland FBI office on January 25, 2015 and provide documentation of any reports made by him, or instructions given to him.
6. Please provide documentation of any communications with Portland Community College employees regarding hidden cameras on the PCC Southeast and Cascade campuses, including any information you have about my handwritten complaint to the PCC Office of Equity and Inclusion (Title IX office) made in or around early July 2015.
7. Please explain or provide relevant documents explaining who is responsible for the network of high-altitude drones operating in the skies over Portland, Oregon, and what their purpose is.

Dated this 2nd Day of August, 2023

Erika Meyer, Plaintiff
305 NE 61st Ave Apt D13
Portland, Oregon 97213
